EDUCATION

Higher Secondary — Science (PCM + Computer Science)

2024-2026 | Results Awaited

Carmel HSS, Chalakudy, Thrissur

- 1st Place, School & Sub-District Science Exhibition
- National Service Scheme Volunteer | School-level sports participant

Secondary School Certificate — Class 10 (CBSE)

95.8% | 2024

Holygrace Academy, Mala, Thrissur

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML, CSS

Tools: Git, GitHub, Vercel, VS Code

Frontend: React.js, Tailwind CSS, Responsive Design, REST APIs

Concepts: UI/UX Principles, Accessibility, Mobile-First Design

PROJECTS

ISS Real-Time Tracker

[Live Demo](#) [GitHub](#)

React.js • REST API • Leaflet • Vercel

- Tracks the ISS live on a map, updates location every 5 seconds using NASA's API
- Used React hooks to handle data without the page lagging after 500+ updates
- Deploys automatically to Vercel when code is pushed to GitHub

Developer Portfolio

[Live Demo](#) [GitHub](#)

React.js • Tailwind CSS • Vercel

- Personal portfolio built with React and Tailwind CSS
- Component-based structure with reusable sections for About, Projects, and Contact
- Clean, minimal UI designed to highlight projects without distractions

CURRENTLY LEARNING

- Next.js:** Routing and server-side rendering in React
- Cloud:** How to deploy and scale web apps
- UI/UX:** Spacing, layout, and design that makes sense to users

ACHIEVEMENTS & ACTIVITIES

- 1st Place, Science Exhibition — School & Sub-District level
- National Service Scheme Volunteer
- School-level sports participant
